

Pre-Teen Group: Parental Verification and Consent Form

To the parent or guardian:

The privacy of children who join our pre-teen groups is our highest priority. To ensure privacy, there is a three-step process for registering your child for our pre-teen group: first, the Parental Verification and Consent Form below must be filled out, scanned and emailed back to us by a parent or guardian. Next, the parent will receive a registration form asking for further information that we need for the pre-teen group. You will submit this form online (there is no need to print or email it). Lastly, after the registration form is submitted the parent will receive instructions and a link the pre-teen will use to join the group. **We ask that you complete the consent and registration forms as quickly as possible so your child receives the link in time to join the group.**

Participation in Gender Spectrum's pre-teen discussion group requires the collection, use and disclosure of some personally-identifiable information about your child, so we have implemented a policy that requires verifiable parental consent before users under 13 can participate.

Please review the following parental consent form and the Privacy Policy in Regard to Children Under the Age of 13, general Privacy Policy and Terms of Use for the website (the "Policies"), which are available at [LINK] and determine if you will provide your consent to your child's participation in the Gender Spectrum website and pre-teen discussion group.

Instructions for the Parental Verification and Consent Form

To provide your consent, please print out the following page in its entirety, fill it out, sign and date it, then scan and email it to Gender Spectrum at info@genderspectrum.org.

Gender Spectrum will retain a copy of your consent form for purposes of recording your consent and, if necessary, to contact you in the future relating your child's use of Gender Spectrum's services.

Once you have submitted the verification form, we will email you a link to the registration form. Please fill that out asap. After you fill out the registration form you will receive the link and instructions for your child to join the pre-teen group.

Thank you for your cooperation.

Please print out this form, fill it out, sign and date it, then scan it and email it to info@genderspectrum.org
